

EUPHONIC 45X WR-45X

FM / Bluetooth / Aux-in Receiver

Celebrating the 45th anniversary of SANGEAN we present you the Euphonic 45X (WR-45X). This beautifully styled FM radio will make your day with high sound-quality and excellent reception. FM is available with an internal antenna, but also with an extra FM wire antenna. Next to listening to radio, you can also use Bluetooth for your own music or connect additional audio sources via an auxiliary input.

The Euphonic 45X has a unique design with a bass reflex tube will emphasize the bass. The wooden casing will amplify the great sound quality. This appealing radio will amaze you and everyone who will see it. Charge it with the included adapter and you will have 25+ hours of radio, all thanks to the 2600mAh lithium battery inside.

- Classic solid wood FM band tuner
- Built-in Bluetooth wireless audio streaming
- Band or other sources (Bluetooth pairing), tuning and charging LED
- Bass reflex tube for richer bass
- Auxiliary input for additional audio sources like MP3 Player or iPod / iPhone
- External FM wire antenna and adapter included
